Senior MOMENTS

Dear 2015,

We're big kids now. Remember when we played wall ball and fought over the swings? Now we're playing real world and fighting for the rest of our lives. We don't know if it's just us, but we think that it's crazy. It's been amazing, growing up in this little, safe, boring town. Some of us have known each other since we learned to walk. We played on the forgotten rope swing and tires in the Wheelock playground. We built snow tunnels and had tetherball championships. We played mat maze and climbed the huge, yellow, rope ladder and the Neptune. We played Wall Ball and went through the the Kids' Night Outs and the awkward middle school dances. All the trips to museums and plays and musicals. Getting lost on the Charles River for the canoe trip and getting together for Washington D.C. and Nature's Classroom. We've been through it all.

When you see practically everyone you know on a ten o'clock CVS run in your sweats with messy hair accompanied by your mom, who just has to say, "Hi!!!" But now look at us all grown up and responsible and old. So now we're all holding hands like little kids on a field trip, and plunging into the deep end of the pool without floaties, kickboards or anything. Some of us didn't even put on sunblock. Maybe that metaphor is a stretch, but we think it gets our point across: here we go.

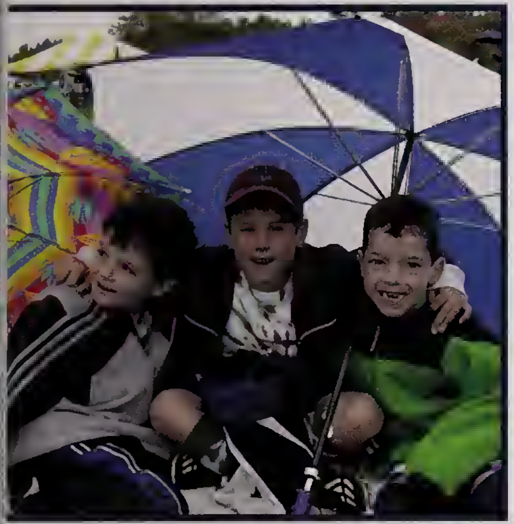
This is it, 2015. What are we going to do after this? We don't know about you, but we can't imagine being in this school without all of you guys. We can't believe that we're never going to see some of you again. We're going to be walking in different hallways next year; some of us may be walking right into a job or onto a battlefield. We're the big kids now, and that's a little scary.

The memories we have been able to make in this sleepy, little town are so important. No matter where you go with the rest of your crazy, beautiful lives that are full of opportunity, being a piece of the class of 2015 will always be a piece of you. Those nights when you had nothing to do so you just drove around? I bet you learned a lot about your friends from those conversations. Those days when you had six hours of homework and sports and clubs and family and had to sleep? That's how strong you are, and that's how determined you can be. When you heard that Lord's was closing? That was when you took a second to realize how much Medfield meant to your childhood— personally, ours were full of Vanilla Coke, Beanie Babies, and Warriors sweatshirts.

It doesn't matter who you have been friends with or who you spent time with, but in the Class of 2015, you became you. You developed into who you are today, and that person is now launching into the rest of their life with nothing but memories, footsteps, and an entire future ahead of them. Remember where you're from. Here's to the future, kids. Best of luck and Stay Golden 2015.

We'll miss you guys.

With lots of love,
The 2015 Yearbook Staff
(through the words of Eileen Gillis & Sam Rhuda)



I clung to Emily Zona for dear life as we made our way through the intimidating halls of Medfield High. The upperclassmen could probably dunk us in the basketball hoops. Our massive backpacks almost caused us to topple over as we walked side-by-side. I flashed my stylish braces at her as we talked about all the tests we needed to study for. Because we all know freshman year is that important. Finally, we found the bathroom and Emily hesitantly entered first. Suddenly horror filled my little five foot body as she screamed and shouted, "Urinals...I see urinals!" We sprinted out of there as if we were about to be eaten by some Senior boy. Never again, would we mistake the boys' bathroom for the girl's. (Julia Crowe)

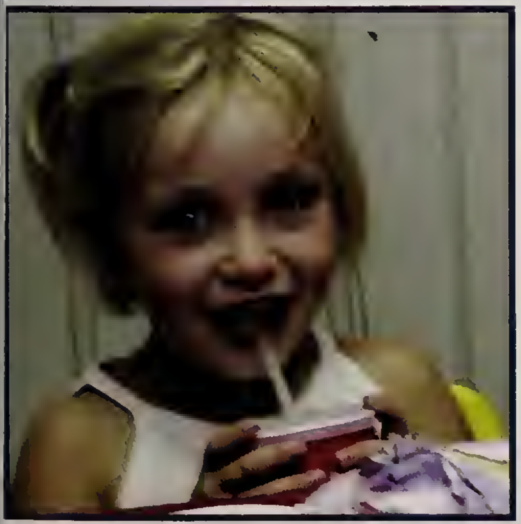
Moving to Medfield in sixth grade was a rough time, to say the least. Starting at a new school, having to adjust to new friends - the process was not fun. Yet in spite of these challenges, I was amazed when the people in Medfield reached out to me. I was shocked that they could be so nice to a total stranger! I found them to be smart, funny, and kind, and now I have many people I'm proud to call friends at MHS. Looking back, moving here was the best thing that could've happened to me. Medfield is, whether you know it or not, an amazing place, and I will truly miss the people I've gotten to know in the past few years. I wish everyone the best of luck as we all move into the future! (JJ Fedak)

Never forget the glacier field trip: crawling underneath a blue tarp over dead leaves to simulate the process of how glaciers are made... (Jack Ficcardi)

The soft murmur of the radiator and the smooth noises of pens swirling onto exam papers filled the ears of Mrs.Blum's ninth grade biology students. As I blindly reached my hand out to grab my water bottle, I knocked my pencil out of its divet, causing it to smash onto floor with a roar. My disturbed classmates snapped their heads in my direction, their eyebrows firm and jaws clenched. My face warm with embarrassment, I shyly leaned over the side of my desk to grab my pencil, but my arm was simply not long enough. I kept reaching farther and farther until...BOOM! My desk and I tumbled to the ground, and the entire class bursted into laughter. (Emily Zona)



I miss ballin' it up playin' wall-ball at recess and ruining everyone in four square. I will never forget shredding it up on the recorder with my girl Ms. Oxholm. Mad ribbons. (Ryan Cerulle)

Until fifth grade I wasn't allowed to play wall ball or any of the other sports at recess. So, I played Legos with Bryce Worthy and Charlie Andes and played Star Wars by myself.... (Lundon Johnson)

This season was truly unforgettable for the 2014 team. It was clear from the start that this team wasn't going to be just a team. As the season progressed, they morphed into a family, gaining 26 sisters. This team made amazing accomplishments throughout the season, with a record of 12-3-3 & finishing second in the TVL. Thanks to an amazing coaching staff, a large amount of talent, & teamwork, no one wanted this season to end.

"Thanks to all my medsoc fam for such an amazing season. I love you all so much and I'll never forget the memories we made. My last season was by far the best. Good luck next year! Medsoc forever."

After the loss of the starting lineup from the previous year, many did not expect much from this team, but the boys set out to shock the system. They set a goal of making it to the playoffs, and with the help of the captains and some tedious practices, they realized that losing was not an option, however, they were able to accomplish their goal. It was evident that the hard work they put in was what made them a playoff caliber team. With amazing leadership, talent and hardowrk, the boys finished strong.

The boys worked really hard this season, and it truly payed off in the end. Winning their last two games, the team felt as if it was a great way to end the season. There were a lot of new members, and they learned how to successfully carry the team into the new year. The seniors will be missed, but the underclassman will carry on their legacy.

"Oh yeah. Lotta pressure. You gotta rise above it. You gotta harness in the good energy, block out the bad. Harness. Energy. Block. Bad. Feel the flow. Feel it. It's circular. It's like a carousel. The 2015 Swim and Dive season was definetely an unforgettable one. Even though our team lost some amazing members, having a smaller team allowed us to bond and form close friendships. We were against some rough compeetetion, but we tried tried our best and finished off the season strong.

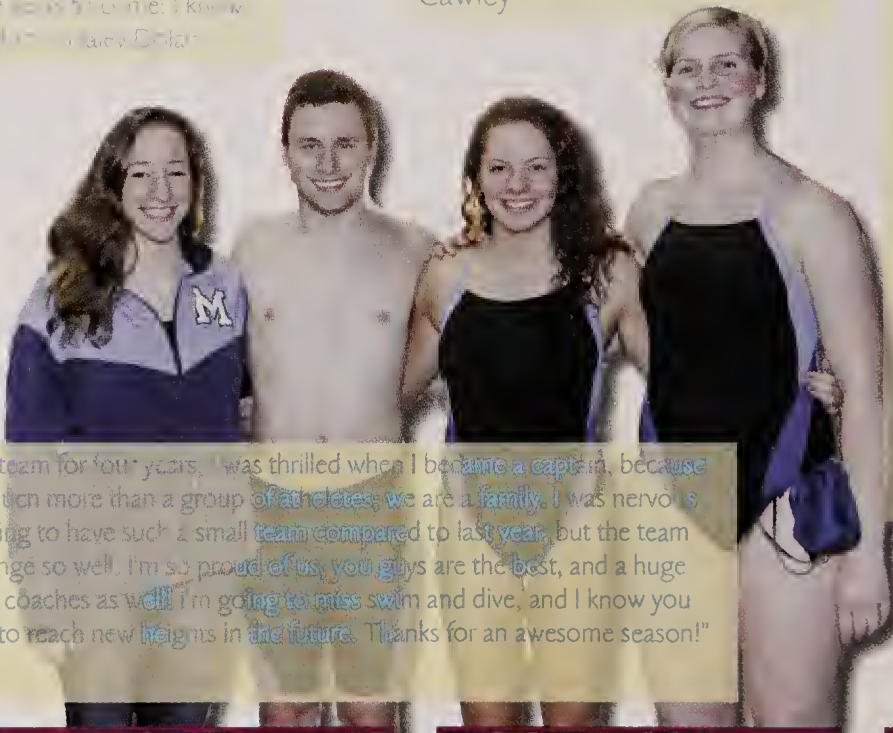
"Hi Guys! I'm [illegible] everything we [illegible] with you [illegible] I know [illegible]" - Haley Dolan

"Did you hear Chris Chen goes to Harvard?" - Eleni Cawley

"Having only a team of around 34 this year when comparing it to the team last year was pretty tough competition wise. Last year we definetely had strength in numbers. But regardless of the numbers, everyone performed really well, and I am very proud to be one of the captains of this wonderful team. I also think that the small team size helped the team become closer together, which, in the long run, is much more important than winning or losing. We [illegible] everyone. I will miss you all next year!" - Natascha Borgstein



"Being on swim team for four years, I was thrilled when I became a captain, because the team is so much more than a group of atheletes; we are a family. I was nervous that we were going to have such a small team compared to last year, but the team handled the change so well. I'm so proud of us, you guys are the best, and a huge shoutout to our coaches as well! I'm going to miss swim and dive, and I know you will all continue to reach new heights in the future. Chess Club

Ms. Lynch

Chess is a game that originated in 280 CE. The chess club hopes to follow the founder's legacy by encouraging more and more people to play this interesting game that not only helps to strengthen logic, but also has fun by playing in prestigious tournaments across the state and country.

Junior Siddharth Arun recently competed in the National K-12 Chess Championship in Orlando, Florida on December 12-14, placing 5th overall. "There was one point in the game where I had to make the only accurate move or else I would lose the game, and luckily I found the only move, and this win motivated me to play well in the rest of the tournament." He hopes to organize a team from Medfield to compete for the team prize in 2015.

Bo,
Before you were born, we looked in the rearview mirror while driving, and knew that your little face was missing in the back seat beside your sisters. What we didn't know what the enormity of the impact you would have on this family. You have brought us pure raw emotion. Because of you, we are able to smile longer, laugh hardier and experience the joy of Super-Bo. Life doesn't get any better than that!

Super Bo,
What you've brought to our lives: Olivia Pope, and excuse to get dessert, the joy of watching you bike around the house for hours, comical swimgear, top-notch snapchats, 2-mile basement walks with your friends, the Lorde, levels of sass previously unknown to the Gairclan, proper appreciation of protective roller-blading gear, a soothing presence, prompt napkin delivery, patriotic hymns.
What you've taken from us: most of our workout clothes.
Worth it.

Payton,
While still in the incubator (!), you raised your head for the first time to see whose voice you were hearing. We knew then that you were going to be special. When you took your first steps in your 10th month, we knew you would be strong. When you dove for a loose basketball from the stands, since you had an ankle cast on at the time, we (and the AAU coach) knew you had drive and determination. When we saw you heading out for the prom, we realized how beautiful you are. When we saw your report cards, we knew there were no limits to what you can accomplish. Most importantly, though, when we rummaged through your baby pictures and found this one, we knew you were, and will always be, our little "Gooch." We love you and are so proud of you XXXOOO !

Farewell Retirees

After numerous years working with Medfield High School, Mrs. Patch has decided to say her final goodbye. Mrs. Patch spent her time at MHS caring for sick students and making them feel better. She is generous and always so dedicated to her work, and will be missed by everyone at MHS.

Mrs. Mann will also be leaving us after many years working as a crossing guard. Most of us remember her as the kind lady who always made conversation with us while walking to school. She always made sure we were safe and will be greatly missed by the students and faculty at MHS.

THANK YOU

to all of the businesses, parents, community members, and MHS faculty members who have supported and assisted in the creation of the 2015 yearbook!

We coudn't have done it without you!

Throughout her nursing career she has provided comfort and healing to countless individuals both locally and abroad; she has contributed to HIV/AIDS research studies. As both a volunteer and as president of the Saint Rock Haiti Foundation, Jocelyn leads and supports this group's efforts to provide health care, social services and hope to a rural community of 25,000 outside of Port-Au-Prince.
